

## **Healthwatch Brent - Ambassadors**

Promote Healthwatch Brent and help us engage with the community.

Volunteers will visit community group meetings and some council and health and social care services meetings. Volunteers will talk to residents, patients and service users about Healthwatch, listen to their comments about services and feedback to Healthwatch. Sometimes, volunteers may help people complete questionnaires and small group conversations and workshops. Volunteers will talk to a range of communities and individuals in Brent.

This may interest you if you enjoy talking to people and have good listening skills. You may also have the opportunity to learn more about community research and community engagement and development.

If you would like to become an Ambassador, or would like further information, please contact Meena Thakur on **020 8912 5832** or email at **[meena.thakur@healthwatchbrent.co.uk](mailto:meena.thakur@healthwatchbrent.co.uk)**.
